Response to Notice to File Missing Parts of Nonprovisional Application

Commissioner of Patents and Trademarks
Washington, D.C. 20231

Dear Sir:

This is in response to the Notice to File Missing Parts of Nonprovisional Application. Applicants have petitioned for a one (1) month extension of time, thereby extending the time to respond from January 16, 2002 to February 16, 2002. Please charge any additional fees due in connection with this Amendment or credit any overpayment to Deposit Account No. 13-3723.

(1) The Notice to File Missing Parts indicated the statutory basic filing fee of \$740 plus additional claim fees of \$966 for a total due of \$1706, was missing. Please charge the required filing fees and additional claims fees to Deposit Account No. 13-3723.

(2) The Notice to File Missing Parts indicated the absence of the oath or declaration. Enclosed herewith is a fully executed Declaration, Power of Attorney and Petition. Please charge the requisite fees of \$130 to Deposit Account No. 13-3723. A duplicate of this request is enclosed.

(3) The application was deemed to be informal because informal drawings were submitted with the original filing. Enclosed please find the formal drawings that comply with 37 C.F.R. § 1.84.

Pursuant to 37 C.F.R. § 1.81, I hereby certify that this correspondence is being deposited on the date indicated below with the United States Postal Service as First Class Mail and addressed to the Commissioner for Patents, Washington DC 20231:

13 February 2002
Date

Signed:

Carolyn V. Peters, Reg. No. 33,271

(4) Upon review of the informal drawings during the preparation of the formal drawings, it was discovered that numbers that were present on the figures were not present in the specification. Further, numbers in the specification were missing from the drawings. Finally, some of the numbers were duplicates of others. These errors have been remedied on the enclosed set of formal drawings. Although we know that amendments to the Specifications are not a matter of right, we respectfully request the Examiner replace pages 16-18 of the originally filed specification with the enclosed replacement pages 16-18. As a courtesy, Applicants have included a redlined copy for the Examiner's review.

Applicants believe proposed corrections to the Figures, in particular Figures 9A to 12C, conforming the drawings with the specification and the specification to the drawings are appropriate and that no new matter is being inserted by entering these corrections.

Respectfully Submitted,

Date: 13 February 2002
